## What If

[Creed](#)

I can't find the rhyme in all my reason  
I've lost sense of time and all seasons  
Feel I've been beaten down

By the words of men who have no grounds  
Can't sleep beneath the trees of wisdom  
When your ax has cut the roots that feed them

Forked tongues in bitter mouths  
Can drive a man to bleed from inside out

What if you did?  
What if you lied?  
What if I avenge?  
What if eye for an eye?
